

Corn Blend

Supreme Biological Inoculant

Net Weight 80 oz.

MycoGold® Dust is an endomycorrhizal biological inoculant in powder form. It contains natural beneficial bacteria, fungi microorganisms, bio stimulants, and micronutrients. MycoGold® Dust Bio-Inoculant will accelerate growth, enhance root system, colonizes roots, and provide superior drought stress protection. Certain active ingredients also prevent various soil-borne pathogens and insect pests from crop damage. Low Mu Tech Soy Protein planter lubricant provides top-end singulation and is less abrasive to seeds than talc and graphite.
